We encourage you to order **SV2023WE T-shirts!** Due to the fact that at the winter edition of **Silly Venture** we will celebrate the **30th anniversary of the ATARI JAGUAR** console, the T-shirts had to include a current (*handwritten!*) dedication to the **SV2023WE** participants from the Jaguar designer himself - **John Mathieson!**

A unique souvenir for many years - not only for **Jaguar** fans!

We are waiting for your completed forms only **until November 24 (Friday)**. Of course, we provide "extra-program" reprinting, but with no guarantee as to the availability of a specific size! There is only **ebony gray** color to choose from (traditionally, we leave the colorful ones for summer Silly Venture edition!)

Design by **m00nie / Mystic Bytes**

PRICE: **27 EUR**

By purchasing a T-shirt, you support the event's budget by covering part of the costs. There's not much time left, but so far you've never let us down 😊

Thank you in advance for your purchase!

If you are interested, please fill out the form at the link:

SV2023WE T-SHIRTS FORM - ORDERS (<https://docs.google.com/forms/d/e/1FAIpQLSdsqgBTR1hUMtkZixGFVWHQa-Oy1JH1zw4oOBZvjcg5osEarg/viewform>)

Personal collection at the event venue or delivery by post is possible, however, shipments will probably be made only after the event (i.e. after December 10). Each person who declares to buy a T-shirt **will receive an e-mail with order details and a payment request after some time**. If someone did not receive/collect the previous T-shirt, etc. - do not worry and report this fact to us. I'm sure nothing was lost 😊 We apologize for the delay.

Kazimierz Piotr Staszewski, also known as Kazik, is a Polish singer. He is the frontman of the "Kult" band, which he founded in 1982. In one of the interviews he admitted that they used Atari ST in their studio, but switched to Macs and (quote) "it was a fucking mistake" 😊 The entire invitation is in Polish, but some of the people taking part are well known from the Atari scene 😊

Preparations for the DOOM tournament on two Jaguars were successful 😊 Piter made the appropriate setup and together with Jesionen did the first tests 😊

We invite you to take part in the tournament at SV2023WE!

Well, I have an unusual request for you... As you know, my beloved wife has been supporting my hobby for quite a few years. At the last edition of Silly Venture, she outdid herself by coming up with various delicacies for the official start of the event - and, as you know, there were plenty of them! 😊 She sacrificed her private time, she went shopping alone... etc,

Unfortunately, I had to focus on other things related to the event. I must admit that Sylwia's presence at the SV allows me to survive difficult moments - I would never have expected that my future wife would accept my rather unusual hobby, let alone take an active part in it 😊 And yet I have it. lucky me!

😊

My friend Schlampf from Germany came up with the idea to create a profile on the "Buy me a coffee" website dedicated to my wife. If any of you would like to buy Sylwia a coffee - thank you in advance! 😊 Of course, virtual coffee, because she drinks the real one with her husband 😊🐾

See you at the winter edition of Silly Venture 2023!

📅 2023-09-14

Jordi from Spain appeared at the summer edition of Silly Venture in August with his charming daughter Aina. It was their first visit both to Poland and to SV 😊 Now Jordi surprised me once again! He decided to prepare for us one of the gadgets for the "welcome packs" for the winter edition of SV2023! These are keychains with the Atari logo 😊 Beautiful, aren't they?

¡Gracias Jordi! ¡Me gustaría verte de nuevo en Polonia!

📅 2023-09-14

Expi from the Atari.SK portal, which will also be present at the winter edition of SV2023, has funded 4 "Evercade EXP" sets - this is the latest portable retro-style game console.

Additionally, Expi adds 2 cards to each console:

"Atari Lynx Collection 1":

and "Atari Arcade 1":

These prizes can be won for first place in the following categories:

- ATARI 2600 DEMO COMPO
- ATARI XL/XE DEMO COMPO
- ATARI ST/STe DEMO COMPO
- ATARI LYNX DEMO COMPO

I think it's worth fighting for! 😊 And that's not all... 🍀 Ďakujem, Expi! ❤️

📅 2023-09-12

I have great pleasure to inform you that at the winter edition of Silly Venture 2023, ZOLTAR X/NEW GENERATION will take us on a musical journey through soundchips from TIA to POKEY and YM2149! I must admit that I am a big fan of Zoltar X's music, so I'm glad that I managed to convince Him to do this! 😊

The concert will take place at the Miasto Aniolów club on Friday, December 8 at 5pm (entrance to the club upon showing of SV2023WE ID).

Thanks to Hospes for preparing the poster and Unseen Menace for grammar checks 😊

📅 2023-09-09

Following the Silly Venture 2019, where we celebrated the 30th anniversary of the Atari LYNX console, and the competition entries were judged by the designer of this console, RJ Mical, at the winter edition of Silly Venture 2023, where this time we will celebrate the 30th anniversary of the Atari Jaguar console, the works will be assessed by the designer this console - John Mathieson! (both games and demos!). It's gonna be a good event! - but you probably already know that... 😊

📅 2023-09-07

At the summer edition of Silly Venture 2023SE two invitations for the winter edition of SV were presented. Here they are:

ATARI XL/XE (by PPS & Buddy)

ATARI JAGUAR (Mystic Bytes)

📅 2023-09-04

Finally, we are able to provide all compo stuff and results in ASCII version (included in ZIP). If you updated your entry by Sunday, September 3, don't worry - the package contains the updated version, even if for some reason you forgot to send it to us :) CU in December!
